

Amendments to the Specification:

Please replace the Abstract with the following new rewritten Abstract:

-- ~~The disclosure relates to a~~A mobile telephone equipped with a first and a second housing ~~part~~parts, which can be displaced in relation to one another in such a way that sections of the housing part are exposed ~~by~~as a result of the displacement. ~~Exemplary amendments are characterized in that~~One of the exposed sections is configured at least partially as a bending wave loudspeaker ~~comprising~~including a plate shaped element for emitting sound signals and an actuating element for exciting bending waves in the plate shaped element. --
